Hearing Ordinance #008-2014 Road to Excellence

Ordinance 008-2014

Ordinance Making Provisions of Title 39 Applicable to Hammonton Board of Education Road to Excellence

WHEREAS, by Resolution dated October 10, 2013, the Hammonton Board of Education (hereinafter HBOE) did request of the Mayor and Council of the Town of Hammonton that, pursuant to N.J.S.A. 39:5A-1, the provisions of Title 39 of the New Jersey Statutes be made applicable to a certain connector road on the premises of the HBOE extending from Fourth Street to Old Forks Road commonly known as The Road to Excellence; and

WHEREAS, following a meeting between the committees of the HBOE and Mayor and Council, the town committee agreed to recommend adoption of an Ordinance fulfilling that purpose to the entire governing body of the Town of Hammonton; and

WHEREAS, Mayor and Council, after due consideration of the issue, agreed that making Title 39 applicable to The Road to Excellence is in the best interests of the Town of Hammonton and will promote the health, safety and welfare thereof by helping to insure the safe and proper passage of vehicles on and through The Road to Excellence.

NOW, THEREFORE, BE IT ORDAINED THAT:

1. The provisions of Title 39 of the New Jersey Statutes Annotated be and hereby are made applicable to vehicular traffic utilizing The Road to Excellence; and

2. The Hammonton Police Department and all other duly appointed law enforcement entities shall have the authority to enforce any and all provisions of Title 39 of the New Jersey Statutes to those vehicles and/or individuals making use of said roadway, and
3. The Town of Hammonton shall, by this action, assume no responsibility for making any expenditure for physical improvements to the roadway or adjacent areas including, but not limited to, signage installation; and
4. The Town of Hammonton shall have no responsibility for the maintenance of said roadway; and
5. In the event any claim is made against the Town of Hammonton by reason of the action taken pursuant to this Ordinance, the HBOE shall indemnify and hold the governing body harmless from any costs or expenses incurred thereby.

BE IT FURTHER ORDAINED that all ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed to the extent of such inconsistency.

BE IT FURTHER ORDAINED that this ordinance shall take effect after final passage and publication according to law.

Hearing Ordinance #010-2014 Reconstruction of Various Roads

Ordinance #010-2014

CAPITAL ORDINANCE APPROPRIATING \$74,917.86 FOR RECONSTRUCTION OF
VARIOUS STREETS IN AND BY THE TOWN OF HAMMONTON, IN THE COUNTY OF
ATLANTIC, NEW JERSEY

BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF HAMMONTON, IN THE COUNTY OF
ATLANTIC, NEW JERSEY AS FOLLOWS:

Section 1. The Town of Hammonton, in the County of Atlantic, New Jersey (the "Town") hereby appropriates \$74,917.86 consisting of a \$74,917.86 Community Development Block Grant for reconstruction of various streets in the Town.

Section 2. The Town hereby certifies that it has adopted a capital budget or a temporary capital budget, as applicable. The capital or temporary capital budget of the Town is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. To the extent that the purposes authorized herein are inconsistent with the adopted capital or temporary capital budget, a revised capital or temporary capital budget has been filed with the Division of Local Government Services.

Section 3. This ordinance shall take effect after final adoption and publication and otherwise as provided by law.

Hearing Ordinance #011-2014 Establish an Energy and Natural Gas Aggregation Program

ORDINANCE #011-2014

**AN ORDINANCE OF THE TOWN OF HAMMONTON
ESTABLISHING AN ENERGY AND NATURAL GAS AGGREGATION PROGRAM**

WHEREAS, the State of New Jersey has been engaged in a process to establish a competitive market place through deregulation and restructuring the electric utility market and natural gas market; and

WHEREAS, the establishment of a government aggregator and an energy aggregation program to purchase electric generation service and natural gas pursuant to N.J.S. 48:3-93.1 et seq. and N.J.A.C. 14:4-6.1 et seq. will increase competition for the provision of electric power and natural gas to residential and non-residential users, thereby increasing the likelihood of lower electric rates and natural gas rates for these users without causing any interruption in service; and

WHEREAS, under the aggregation process the residential and non-residential ratepayers may likely receive a direct reduction in their electric bills and gas bills; and

WHEREAS, the realization of energy costs savings is in the interests of the health, safety and welfare of the residents of the Town of Hammonton (the "Town"); and

WHEREAS, the Town hereby finds that it is in the best interests of residential and non-residential electric and gas ratepayers for the Town to create the opportunity for them to enter into an aggregation agreement in order to seek substantial savings on electric and gas rates; and

NOW, THEREFORE BE IT ORDAINED, by the Town Council of the Town of Hammonton in the County of Atlantic and the State of New Jersey, duly assembled in public session, as follows:

1. The Town publicly declares its intent to become an aggregator of electric power and natural gas on behalf of its residential and non-residential users of electricity and natural gas pursuant to the Government Energy Act of 2003, N.J.S. 48:3-91.3 to -98, and implementing regulations.
2. The Town will utilize the Reverse Energy Auction Platform pursuant to the NJ E-PROCUREMENT Pilot program (P.L. 2001, c.30) under the NJ Department of Community Affairs. The Reverse Energy auction will seek bids from licensed and appropriate third party suppliers. If such winning bid is selected and agreement executed, individual residential consumers would retain the option not to participate and to choose any alternatives they desire, while non-residential ratepayers would also have the right to participate.
3. The Mayor and Town Clerk are hereby authorized and directed to execute any documents necessary to carry out the purpose of the Ordinance.
4. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

5. If any portion of this ordinance shall be deemed invalid by any court of competent jurisdiction, the remainder shall survive in full force and effect.

6. This ordinance shall be effective immediately upon adoption and publication in accordance with law.

ENGINEER REPORT

SEWER & WATER ACTION ITEMS:

1. **Well #4 Radium Treatment Facility and Air Stripper (ARH #11-30153.04):**
The contractor (TKT) has been working at the site. They are continuing with building improvements and have the new treatment building walls completed, which will allow for the delivery of the treatment units this Monday, April 14, 2014. AC Schultes has looked at the existing Well #4 building and well assembly and has suggested some improvements they feel the Town should consider while the well is down and being renovated. We have reviewed the suggested list with the MUD Superintendent and the PWTC and will recommend that a portion of the improvements be completed. We are recommending that Council consider the approval of CO #3 totaling \$12,303.85 which will include the following well improvements:

1. Replacement of the rotating pump (bowl) assembly.
2. Replace slow leaking foot valve.
3. All hardware as required which need to be replaced.

We are also recommending approval of the Payment Invoice #4 to TKT in the amount of \$100,695.00 which should be on the bill list for payment consideration. We will also set up an on-site meeting with TKT for Thursday at 2:00 p.m. to complete the

Action Requested:

1. Approve rice quote from TKT and AC Schultes sub-contractor for TKT totaling \$12,303.85 for the additional well improvements as noted above.
2. Approve payment Invoice #4 for TKT totaling \$100,695.00.

2. **Boyer Avenue Pinelands Compliance, Long Term Wastewater Management Plan (LWMP) (ARH #11-50058.14):**

We are working on the revisions to the Long Term Wastewater Management Plan (LWMP) as requested by the Pinelands Commission. The revised report must be resubmitted by April 30, 2014.

We have been in discussions with the PWTC about providing a proposal to the Town to complete the first phase of the sanitary sewer study which is required in the LTWMP. The first phase will include tasks as detailed in our proposal attached to this report.

Action Requested:

Approve ARH proposal (2014.0227) for completion of the Phase 1 portion of the sanitary sewer inflow and infiltration study, in an amount of 8,400.00

PUBLIC WORKS ACTION ITEMS:

3. Drainage Projects: Lakeview Drive and White Horse Pike (ARRH #11-60202.03):

As authorized, ARH has submitted the bid documents to the NJDOT for final approval and are waiting for the receipt of an Authorization to Advertise (ATA). We have received a letter from the NJDOT Local Aid office, the NJDOT Permit Section and the NJDOT Traffic Operations South requesting a response to some additional items. We have prepared a proposal for ARH to complete the Construction Management, testing, reimbursement and administration phases and for completion of the additional work required by the three different NJDOT offices for Council's consideration. This will be presented to Council at a future meeting. Funding for this project will need to be established by the Town in order to seek NJDOT reimbursement for project construction and possibly the construction management costs if funds are available. The funding must also include costs for Uniformed Police Traffic control. Once all permits and approvals are received and the project funding is established, we will seek authorization to proceed to bid.

Action Requested:

1. Approve ARH to perform work required by the NJDOT Permits South office and the NJDOT Traffic Operations South office related to lane closures, in an amount not to exceed \$2,800.00
2. Approve ARH to proceed to project bid once all approvals are received.

SEWER & WATER INFORMATION ITEMS:

4. Boyer Avenue Overland/Surface Drip Irrigation Fence Construction (ARRH #11-50058.17):

We have been working with the Town's Business Administrator, Municipal Utilities Superintendent and the Drip Irrigation sub-consultant to finalize items related to the overland drip irrigation design and assist with construction related items as authorized including the following:

1. Pump selection piping, controls, general specifications for components inside the pump stations.
2. Final design and sizing for filter system.
3. Relocation of treated effluent supply line to lagoon side of fields OL #8, 9 & 10.
4. Relocate portion of drip irrigation flush lines where possible from lagoon discharge to silt trench areas.

We have also received comments from the NJDEP reviewer related to the overland drip design. We have made adjustments where necessary and resubmitted same for review. We will meet with representatives from NJDEP and NJEIT on-site on Thursday, April 10, 2014 as part of their review process. We will keep Council informed of further progress.

5. ACTION ITEM: Pratt, Packard, Grape & Second Street Utility Replacement (ARRH #11-40046):

The pre-construction meeting took place Monday March 24, 2014 at 10:00 AM. The contractor mobilized the week of April 1st starting with tree removal activities. On April 9th, sanitary sewer work began on Packard Street.

Action Requested

Authorize contractor to work four (4) ten (10) hour days and reserve Friday for clean-up items if satisfactory with Council. Contractor responsible for any overtime accumulated and paid to Police Detail.

6. 2015 Fiscal Year, NJEIT Projects (ARRH #11-01088):

As authorized last meeting, we have completed the design plans, specifications, report and application documents for submission to NJEIFP for 2015 funding consideration. As requested by Council, the application was for the installation of drip irrigation for the existing recently constructed soccer fields adjacent to Moss Mill Road. The Town has recently received a letter from NJEIT that the project would be eligible for project funding. The letter also stated some conditions and requirements for said funding. One of the requirements for NJEIFP review is the completion of a Public Hearing related to the project. In order

to meet the time frame required in the application review process. A public hearing has been scheduled for the April 28th special Council meeting at 7:00 pm. The notice for same was placed in the March 19th edition of the Gazette.

7. Well #1 / Well #3 – Volatile Organic Compounds (VOC's) (ARRH# 11-30155.03):

We have finalized the design for the Well #1 & #3 treatment process and forwarded the plans, reports, specifications, etc. to the State Bureau of Safe Drinking Water for their review on February 21st. The Pinelands Commission approved the public development application for the project. We have discussed the expanded design with Spillfund and will seek a revised agreement for additional monies from their office due to required building modifications and other construction related items. It is hoped to have their approval and be ready to bid by late spring of 2014. The ACO deadline, as originally amended, for project completion was September of 2014. We did make the NJDEP Southern Enforcement aware of a request for an extension of time for completion of this project and are awaiting for their response to same. We will also seek approval from the Spillfund to redevelop Well #1. The redevelopment of Well #1 will be a separate bid and the goal would be to complete this work in advance of the remediation work, since this well is presently offline.

8. Hammonton Water System - AACO (ARRH #11-30152):

The goal for both the Town and NJDEP is to have Well #4 back in service prior to the peak demand needs which occur in July of this year if possible. Keep in mind there must always be a back-up Well available to Wells #5 & #7 at any given time, therefore, Well #3 will remain in service until Well #4 is up and running in compliance with safe drinking water standards.

AACO Compliance Dates:

- ~ Licensed Operator compliance – October 31, 2012 (COMPLETED)
- ~ Licensed Operator succession plan – (COMPLETED)
- ~ Wells #5/#7 Radium Removal – (COMPLETED)
- ~ Well #4 Radium Removal – project completion June 30, 2014 (Contract Awarded, Work started)
- ~ Well #4 Air stripper upgrade – Revised to coincide with Well #4 – June 30, 2014 (Contract Awarded and Work started)
- ~ Well #1 VOC Removal – (TEMPORARY SOLUTION, COMPLETED)
- ~ Well #1 & 3 VOC Removal – (PERMANENT SOLUTION, CONSTRUCTION START, after Well #4 is back on line) (Design submitted on 2/21/14, awaiting NJDEP approval)
- ~ Well #1 & 3 – VOC Removal – (Present ACO, OPERATIONAL BY SEPTEMBER 1, 2014) Request for time extension and amended ACO under consideration. Possible completion date February 2015.

9. Pine, Basin & Oak Road Water Main Extension/Well Contamination (ARRH #11-30138):

Contract 1 - This contract is on maintenance bond, the contractor needs to return onsite to address a pothole along Pine Road near Rt. 30. ARH to follow up this issue to ensure the repair is made.

Contract 2 – Close-out information has been sent to the Town for execution. The contractor is now a maintenance goal.

Contract 3 - We are awaiting final word in writing from NJDEP regarding decisions to allow residents to retain their wells. The Contractor has sealed all possible wells at this point.

Please note there is still one resident who has refused access to their property and this issue is being referred to the Solicitor. We will need to discuss any conflicts on project funding with the PWTC.

10. Route 54/Bellevue Avenue Utilities (ARRH #11-50120): No Status Change

As of May 21, 2013; the Contractor has returned to the site and addressed the remaining punch list items. We will be proceeding with a recommendation to close out the project subject to review and concurrence from the Solicitor.

PUBLIC WORKS INFORMATION ITEMS:

11. **ACIA Funding – 2014 CDBG (ARRH# 2013-0668):**
We submitted the list of roadways. Engineer's construction cost estimate and the project specifications to the ACIA for review. After a few modifications, we received an approval to proceed to bid. Bids for the project will be received on Wednesday, April 16th at 10:00 a.m. at Town Hall. Should everything be satisfactory, we will provide a recommendation to Mayor and Council for award consideration at the special meeting on Monday, April 28, 2014. This schedule will keep us in compliance with the ACIA deadlines. The second reading for the funding ordinance is scheduled for Monday night. If approved, the ordinance could take affect after the appeal period is due.
12. **Boyer Avenue Recreation (ARRH #11-75003): No Status Change**
The final quantities change order was approved at the last meeting. Currently we are waiting for the contractor to complete the punch list. Please note no additional payment will be recommended until the punch list is completed.
13. **Lake Weed Control, Permitting, Application of Product (ARRH# 11-90016): No Status Change**
We have discussed the requirements and timeline for seeking the request for price quotes from Lake Week Control applicators along with the possibility to draw the Lake level down in the winter of 2014. The Council and Lake Water Quality Committee should possibly consider doing one or the other, but not both. This will need further discussion, decision and direction.
14. **Weymouth Road Drainage (ARRH# 11-06007): No Status Change**
The funding for this project must be established by the Town so that work could begin and bills submitted to the County for reimbursement. We will proceed once informed by Council that the necessary funds are in place.
15. **Former Mazza Property, Egg Harbor Road Parking Lot at the Historic Train Station (P2012.0153): No Status Change**
ARRH has completed the majority of the work associated with a Hazardous Discharge Site Remediation Fund (HDSRF) grant application as authorized by Council. The application addresses several potentially contaminated Areas of Concern (AOC) at the subject property and the need for completion of a Preliminary Assessment (PA) in an effort to identify any other AOCs related to the historic use of the property as a services station and repair shop.

In discussion with the PWTC, it was noted that information from the prior owner may be available for review that would aid in the evaluation process as to what might have already been completed at the site. We will need a copy of that information once obtained by the Town so that we could modify the scope of work if required. We will wait for further direction from Council in case a different scheme for development or resolution to this parcel is determined by Council.
16. **Drainage Projects: Anderson Avenue (ARRH #11-60208.02): No Status Change**
This project will be divided into two (2) phases isolating each of the low points located in the middle of the block. We are in the process of amending the plans as discussed. We will keep Council informed of further progress.
17. **Chew Road/Jacobs Street/First Road (ARRH #11-60207.02): No Status Change**

The project scope has been modified to divide the project into phases. The Public Works Department will contact Root 24 to once again clean and inspect the existing inlets, pipe and leaching pits as they extend off of the First Road/Jacobs Street intersection.

18. Octagon Oil Site Town Hall Overflow Parking Lot (ARRH #11-01060): No Status Change
ARRH is currently preparing a supplemental Hazardous Discharge Site Remediation Fund (HDSRF) grant application with respect to the additional work required by the NJDEP.

19. Skinner Building – Egg Harbor Road (ARRH #11-01074): No Status Change
ARRH completed a Site Investigation (SI) Report for the subject property. This report will become part of the Preliminary Assessment & Site Investigation (PASI) submittal to NJDEP and the Pinelands Commission; and will accompany the *Preliminary Assessment Report* (December 2012) prepared previously by ARH. In addition, ARH is currently preparing a supplemental Hazardous Discharge Site Remediation Fund (HDSRF) grant application with respect to addressing the additional Areas of Concern (AOC) identified at the site. ARH is currently in the process of completing the initial Receptor Evaluation (RE) and developing a scope of work for a supplemental grant application.

The Town has asked ARH to hold-off on submitting a supplement grant request at this time. The Town still needs to pay the outstanding DEP Project Oversight fee of \$3,200.00 so we can issue partial RAO letter for specific AOC's. We discussed same with Frank Zuber and that should be issued shortly.

#R060-2014 Resolution Supporting Open Government Records Act

Resolution #060-2014
Resolution Supporting Open Government Records at all Levels

Whereas, it behooves all levels of government to maintain transparency in order to demonstrate the openness and honesty of its transactions, and

Whereas, this transparency is enhanced by the open sharing of important documents received and produced during the functioning of government operations, and

Whereas, Assemblyman Chris Brown has introduced a bill in the State Legislature, A-926, that would enhance government transparency by including legislative operations within the purview of the Open Public Records Act,

Now therefore, the Mayor and Common Council of the Town of Hammononton declare their support for Assembly bill 926, and

Further, direct that a letter be sent to the State Legislature recording their support for said bill.
