#### ENGINEER REPORT

##### **1. Washington Street Reconstruction CDBG Funds (ARH #11-40054):**

We received bids for the Washington Street project on Friday, May 17, 2019. We will review the bids received and provide a report for Council's consideration of award on Monday night subject to the Solicitor's review of the bid documents and verification of available funds. The Atlantic County Improvement Authority (ACIA) has allocated \$146,172.00 for the project. The balance of the funds must be covered by the bond ordinance established by the Town.

##### **Action Requested:**

Passage of resolution of project award (copy attached) to the lowest responsible bidder subject to the following conditions:

- Review and approval of the bid documents by the Town Solicitor.
- Review and approval of the award recommendation by the ACIA.
- Certification of availability project funds.

##### **2. 2019 State Aid Funding (14<sup>th</sup> Street) (ARH #P2019.0392):**

The NJDOT has awarded the Town an additional \$310,000.00 for Phase III of the 14<sup>th</sup> Street Roadway improvement project. The limits defined in the application were from Second Road to First Road. Our office has submitted a proposal to perform the surveying, design, and bidding of the project. Based on our current Engineer's Estimate, we believe we can pave approximately 3,000 LF of 14<sup>th</sup> Street using the grant funds. The work included in the proposal will be for about 4,350 LF, which will allow us to extend the limits if we receive favorable bids.

##### **Action Requested:**

Authorize ARH to perform the surveying and design of Phase III of the 14<sup>th</sup> Street Roadway Improvement Project, in the amount of \$43,000.00.

**3. Fiscal Year 2020 State Aid Program Applications (ARH #2019-0394):**

The Town has received a letter (copy attached) from NJDOT Commissioner related to various State Aid Program applications. If the Town is interested in making an application for funding consideration, they are due by July 19, 2019.

The Town made an application for the following projects last year:

- Municipal Aid 14<sup>th</sup> Street Reconstruction. The Town received a \$310,000.00 allotment for completion of the 3<sup>rd</sup> section of the roadway.
- Bikeways – ARH made the following request for funding consideration:
  - Additional funds for construction of the initial 11<sup>th</sup> Street Veterans Place section.
  - Subsequent bike path construction along a portion of Moss Mill Road adjacent to the Boyer Avenue Recreation site. Neither of these projects have received funding consideration.
  - Safe Routes to School – North Street sidewalk and portion of Fourth Street and Walnut Street. We are awaiting a decision related to this project.

If acceptable to the Mayor and Council, it would be recommended to request Municipal Aid funding consideration for the next phase of 14<sup>th</sup> Street reconstruction. We could discuss other project options with the Public Works Committee if desired.

**Action Requested:**

Authorize ARH to prepare the application, reports, maps, resolution and estimates for the next phase of 14<sup>th</sup> Street for a figure not to exceed \$1,650.00.

**4. Conceptual Intersection Improvement Plan – Central Avenue, Seagrove Avenue, White Horse Pike& Pleasant Mills Road (ARH #11-10096):**

Representatives from the NJDOT, their Planning Consultant, Atlantic County representatives and Town representatives met earlier this month to review various conceptual design sketches for the above noted intersection improvements. The Town and County provided their comments for NJDOT consideration. A revised conceptual plan was presented earlier this month. In order for the Planning Consultant to proceed further through the process, the NJDOT is requesting that the Town adopt a resolution of support for the possible improvement of the above noted intersections. We have prepared a resolution for Council's consideration.

**Action Requested:**

Approval of the (copy attached) resolution supporting the proposed safety improvements for the above noted intersections and forward same to the State and County for consideration.

**5. NJ Water Quality Accountability Act – Asset Management Plan (ARH #2019-0198):**

The MUD Superintendent requested a proposal to complete Asset Management Plan elements as pertaining to the distribution system only. That proposal (copy attached) totaling \$3,830.00.

**Action Requested:**

Approval of the ARH proposal dated May 15, 2019 totaling \$3,830.00 for completion of the three (3) items listed in the scope of services.

**6. Celona Site Remediation - 130 Railroad Avenue (ARH #11-01054):**

ARH has submitted a grant application to NJDEP on 2/13/18 in the amount of \$66,200.00. The grant was approved by NJEDA. As discussed last Council meeting, since the Town has received approval of the grant for the work at the Celona property, we have attached the ARH proposal dated May 8, 2019 in the amount of the grant received totaling \$66,200.00. We would seek Council's approval to proceed with the work as detailed in the proposal and as required by the State.

**Action Requested:**

Approval of the ARH proposal (copy attached) in the amount of \$66,200.00 for the completion of the work as described therein and as required by the States (HDSRF) program.

**7. Skinner Property (ARH #11-01074.01):**

Michael Deely of the NJDEP suggested that a HDSRF grant would be available to remediate the property. We would seek approval for ARH to proceed with the grant application for a fee not to exceed \$1,200.00.

**Action Requested:**

Authorize ARH to complete the application to seek a grant for the Skinner Property through the States (HDSRF) for a dollar amount of \$1,200.00.

**8. 2018 State Aid Funding (14<sup>th</sup> Street) (ARH #11-40056.01):**

Bids for this project were received on March 28, 2019. The low bidder was Arawak Paving in the amount of \$248,000.00. Council authorized the awarding of a contract to Arawak, and authorized ARH to perform the Construction Management of the project. The contracts have been prepared and delivered to Arawak for endorsement. Once returned, we will forward them to the Town for the Mayor's signature. A preconstruction meeting will be scheduled within the next few weeks. Arawak anticipates performing the construction in June.

Our office will work with Arawak to extend the limits of the project and maximize the grant money received by the Town.

**9. 2017 State Aid Funding (Second Road) (ARH #11-40055.01):**

NJDOT has awarded the Town a total \$418,000.00 in Municipal Aid funds to be used towards Second Road improvements, from Chew Road to 12th Street. Arawak Paving Company was the low bidder for the project, with a combined bid for the Base Bid and Alternates in the amount of \$597,600.00.

Arawak has installed the new drainage pipe at the intersection of 2<sup>nd</sup> Road and 10<sup>th</sup> Street. The pavement core report has been received and the roadway meets the NJDOT regulations.

Arawak will be performing the final pavement restoration within the next few weeks. We will meet with them onsite to review all outstanding issues prior to closeout.

**10. Hammonton Airport Water Sprinkler Shed (ARH #P2019.0102):**

On May 8, 2019, Heather Jones, Jacqueline Kerstetter, and Bob Vettese (ARH) met with Frank Domenico and Frank Zuber (Town of Hammonton) to review 90% complete project documents. Comments discussed during the meeting included insulation requirements and possible roof ventilation for moisture control.

On May 13, 2019, 100% complete project documents were submitted to the Town to reflect the elimination of gypsum board interior sheathing and the addition of fire proofing spray foam insulation and plywood interior sheathing to both the walls and ceiling of the enclosure to prevent moisture intrusion and eliminate the need for ventilation.

**11. Hammonton Lake Spraying 2019 (ARH #11-90031):**

ARH has completed as much of the application as possible of the permit application with the assistance of Scott Rivera. If Scott is to complete the Lake Spraying the following will need to occur before the balance of the permit application form could be completed:

- Scott must obtain his applicator’s certification from the State.
- Once obtained, he must complete the balance of the permit application forms and submit same to the State.

We will work with Scott once the above items are obtained to make the submission to the State.

**12. Route #54 NJDOT Improvements (ARH #11-01000):**

The Municipal Utilities Committee, PWTC along with the Mayor and ARH will need to determine whether the Route #54 water main replacement project extending between 1<sup>st</sup> Road and 2<sup>nd</sup> Road will be completed this year prior to the NJDOT resurfacing the roadway which is tentatively scheduled for completion in 2021. Further discussion related to same will need to occur if this project is to proceed.

**13. NJ Water Quality Accountability Act – Valve & Hydrant GPS/GIS (ARH #11-30166):**

All NJM and Kramer Beverage data points have been collected. Three (3) areas are outstanding for which police escort has been requested. Once we have the data, it will be processed and the pipe network developed.

**14. 2019 Road Program (ARH #P2019.0217):**

We have received a copy of the proposed roadway reconstruction list for 2019. We will need to meet with the Public Works and Municipal Utilities Superintendent to obtain their project improvement needs in order to establish a final roadway list for the PWTC’s consideration. The project should be bid this summer if possible.

**15. Relocation of Interceptor Trench Discharge (ARH #P2019.0239):**

ARH met with the MUD Superintendent and Utility Committee Chairman to review possible options and presented those options to the Pinelands. Remaining data was collected from the Frog Rock property. Pinelands representatives suggested writing a letter to their Director requesting an emergency authorization to discharge overland on the Boyer Avenue property. They suggested Attorney Brian Howell contact Chuck Horner to discuss the contents of that letter prior to submittal. A Pinelands Permit application will be required after-the-fact.

**16. Acquisition of Block 4303 Lot 20 for Additional Land Application of Effluent (ARH #11-50143):**

As authorized by Council, ARH continues to work on this particular project, providing support in regard to the legal action and in reviewing data, providing maps, etc. Once a final direction related to this property is provided, we will submit an invoice to Council and provide a proposal for any additional work requested if needed.

**17. ROSI Map Update (ARH #P2019.0172):**

Upon review of the NJDOT letter of 4/15/19, it was noted that additional funds for the Bike Path along the unnamed public, Veterans Place and the Railroad Crossing improvements were not approved. We have contacted the NJDOT to discuss the Town's options for improvement. We are awaiting his response. Also, we will need to discuss funding for the Veteran's Place RR crossing improvements.

**20. Valley Avenue Utility Replacement (ARH #11-30159) No Status Change:**

Our office met with the NJDEP Project Manager on July 17, 2018. We have provided the NJDEP with the closeout documentation required through the Environmental Infrastructure Trust program guidelines. The Project Manager requested the submission of a document certifying the implementation of a Fiscal Sustainability Plan or an Asset Management Plan. We are finalizing that certification and will reply to the Project Manager. The Project Manager also requested additional confirmation regarding the final payment request.

Project Maintenance and Environmental Maintenance bonds have been received and delivered to the Town. The bonds will expire on June 30, 2019.

**21. Weymouth Road Drainage Phase II (ARH #11-01000):**

As requested, we provided a rough cost estimate to the County related to various areas along Weymouth Road and a section of First Road where drainage concerns were expressed. We will contact the County related to the status of their review and direction related to same.

**22. K&K Linens Property (ARH #11-01094.01) No Status Change:**

**Resolution #087-2019- Support Responsible Pet Ownership**

Pledge of Municipal Support for Responsible Pet Ownership in the Community

RECOGNIZING that cats and dogs are an integral and valuable part of all communities, and contribute to the well-being of humans, whether as companions, service animals, or therapy pets,

ACKNOWLEDGING that the fostering of respect for and understanding of the relationships between animals and people, and the benefits provided by these interactions, is a critical step towards sustaining a community's quality of life,

UNDERSTANDING that municipalities have an important role in ensuring the well-being of animals while balancing the needs of pet owners and non-pet owners,

WHEREAS it is in the best interests of all Town residents that all dogs residing in the town be licensed and treated in accordance with Town ordinance,

WHEREAS there are innumerable cats in Hammonton, many of them stray and feral animals bearing the potential for the spread of disease and the destruction of native birds and mammals,

WHEREAS the Town impounds nearly 400 animals per year in animal shelters and impoundment facilities,

WHEREAS the Town desires to reduce unnecessary animal euthanasia, in light of the fact that 37% of the animals that enter New Jersey's impoundment facilities are euthanized,

WHEREAS free-roaming unvaccinated cats and dogs present a potential health threat to humans through the spread of such diseases as rabies, leptospirosis, toxoplasmosis, roundworms, and from animal bites and environmental contamination from animal feces,

WHEREAS stray and unwanted pets place an unnecessary financial burden on the town,

WHEREAS it is more humane and cost-effective to reduce the number of unwanted animals than it is to impound and euthanize unwanted or unclaimed dogs and cats,

WHEREAS Hammonton requires the licensing of all dogs in the municipality pursuant to Town Ordinance (Chapter 82, Article 1), and requires current vaccination against rabies as a pre-requisite to licensing,

WHEREAS Hammonton requires an annual canvass of residents to locate unlicensed dogs per Town ordinance (Ch. 82-15),

NOW THEREFORE, we the Mayor and Council of the Town of Hammonton, in the County of Atlantic, State of New Jersey, resolve to do our utmost, within the bounds of our jurisdiction, to ensure that companion animals are treated humanely, respectfully, and responsibly through public education and through exercise of powers vested within New Jersey municipalities as follows:

Actions to date:

- A. The Town has appointed Animal Capture & Control, of 290 Frog Pond Road, Little Egg Harbor, NJ as its official certified animal control agency, responsible for animal control within the jurisdiction of the municipality, including providing emergency veterinary care for injured stray animals and coverage outside of normal working hours.
- B. Hammonton ordinance Chapter 82, Article II addresses the municipal standards for vicious dogs, regardless of breed.
- C. The NJ Animal Population Control Program provides for low-cost spaying and neutering for pet owners adopting dogs and cats from New Jersey shelters, pounds, and animal adoption referral agencies and pet owners participating in one of several Public Assistance Programs.
- D. Created a Hammonton Dog Park (ordinance Chapter 82, Article V), an enclosed, off-leash park dedicated to providing a protected, safe area for dogs to exercise. We have issued rules related to safe practices at the Dog Park, and have made vaccination of dogs a pre-requisite for access to the Park.
- E. Amended our ordinance prohibiting various forms of inhumane treatment of dogs throughout the town, covering dogs in vehicles, in inclement weather, and on tethers (Chapter 82-37, 37A, and 38).

Further, the Town pledges to continue to:

- 1. Enforce all animal and rabies control statutes and regulations, including the requirement to pick up and impound all stray dogs and cats, excepting stray and feral cats in managed Trap-Neuter-Release programs.
- 2. Work to improve the enforcement of animal cruelty statutes.
- 3. Educate our community, including school children, about their responsibilities towards the pet animals they chose to keep.
- 4. Institute, as appropriate, cat licensing ordinances and increase the percentage of licensed dogs and cats through ease of licensing and licensing enforcement measures.
- 5. Identify and work to implement best practices to prevent unwanted breeding through effective animal control, availability of low-cost pet spaying and neutering services, public education, and pet-friendly rental and senior housing.
- 6. Identify alternatives to euthanasia of adoptable companion animals, including utilizing foster homes, adoption networks and providing remedial behavior training services to existing and future owners.
- 7. Assist in identifying resources to improve the conditions and increase the capacity of animal shelters and impoundment facilities and animal control services.
